How to Develop an Effective Security Strategy to Play in the Public Cloud

L.T. Chen wrote: Great overview of some of the technical challenges organizations have to contend with in the cloud. It will be interesting to see how dramatic of an effect the GSA Storefront will have on the way the federal government manages IT services.

ADD THIS:

NAPERVILLE, Ill., Sept. 30 /PRNewswire/ -- Libsys is proud to be recognized by INC. 500 for its excellence in providing innovative and superior consulting, IT solutions and services, ranking 9th in the Top 100 Businesses in Chicago land and 16th in the Top 100 IT Services Companies in U.S.

Since 2002, Libsys has grown 1,356% with recorded revenue of over \$5 million, and currently employs more than 100 employees in the U.S. and India operations combined.

"Our growth over the past six years has been a combination of hard work and the tremendous growth and demand for well qualified IT solutions and IT professionals," said Mr. Shree Yerramsetti, President of Libsys. "From our successful relationships with clients to the good word of mouth they've shared with others, we've managed to grow into what we are today."

Libsys develops, installs and operates IT solutions for clients in a variety of industries. Libsys has provided services to clients including many Fortune 500 companies.

"We understand the requirement for each industry, and accordingly we develop the solutions or fill the client requirement as per their specific need and skills," said Mr. Siva Yarramsetty, CEO of Libsys, "It's that kind of expertise that helps generate client referrals."

In addition to their ranking within the top 100 of business in Chicago and the U.S., Libsys is ranked 177th in the top 500 fastest growing companies in the U.S. by Inc. 500.
